In today's world, Information Technology is a key component in the success of any country. Unfortunately, the high cost of education to acquire computer related skills in certain regions around the world prevents the poor, orphans and underprivileged children from availing these skills which are in demand.

Computer Shiksha's strength as an organization lies in its ability to manage people, process and technology. With a dream to bridge the digital divide in country they intend catering to all sections of society which are not computer literate. Started at the bottom of the pyramid by enabling those who have the least hope of getting computer literate in the near future.

A group of 14 NSS volunteers participated in conducting an awareness programme on road safety on 30th April 2023. The volunteers highlighted the importance of road safety and the necessity of being obedient to traffic rules. The awareness programme was conducted in the NSS room in Vidya. It was very helpful for developing awareness about road safety among students and make them pay more attention to traffic rules.

### Activity-1: Awareness on traffic rules and safety

**Date:** 30.04.2023

**Breakfast:** 9.00am

**Time:** 10.00 AM to 4.00 PM

**Programme:** Awareness on traffic rules and safety

### Objective:

NSS Cadets took the responsibility of spreading awareness regarding traffic rules among the public. A campaign held by Community Traffic Police was joined by the NSS Cadets at Chetak Circle on Tuesday.

Students and NSS Cadets of Madhav Sanskrit Vidhyalaya began alerting the public about the importance of wearing helmet while riding a two-wheeler. Those who were found wearing helmets were praised and those who were not wearing helmets were explained how helmet helps during accidents. Females who had kept the helmet inside the box of their vehicle were made to wear it. Apart from this, 4-wheeler drivers were made to wear seat belts and the importance of following safety rules was explained. District Transport Officer Dr Kalpana Sharma informed that the awareness campaign will continue to make the people aware of the safety rules.
