

## Annual Report 2024-25

### **A. About IIC Institute**

- Vision of NSRIT**

Fostering Critical Thinking, Pioneering Innovations, and Promoting Entrepreneurship to Generate Prosperity

- Mission of IIC NSRIT**

- ❖ To establish a conducive environment for nurturing and bolstering innovative concepts
- ❖ Objectives of generating entrepreneurial prospects for students, faculty, and research scholars, fostering the growth of startups through essential assistance
- ❖ To facilitate the commercialization of inventive and sustainable ideas.

- Journey of IIC established at the Institute**

NSRIT's Institution's Innovation Council (IIC) journey showcases rapid strides in building a strong culture of innovation and entrepreneurship. Beginning with a vision to inspire and nurture students and faculty, the council rolled out hands-on workshops, hackathons, prototype and business plan competitions, outreach campaigns, and panel discussions featuring industry, academia, and government. Students thrived in events like TechSpardha and android appathons, while faculty-led seminars and training in IPR and design thinking enriched the ecosystem. Collaborations with 35+ premier industry partners brought internships, skill programs, and curriculum reforms in cutting-edge fields. Dedicated pre-incubation and incubation facilities supported entrepreneurial ideas with mentoring and exposure to national policy forums, including NEP 2020 celebrations. IIC's remarkable journey saw the generation of innovative ideas, winning projects, filed patents, and deep engagement with national agendas, positioning NSRIT as a regional beacon for innovation-driven education and startup development.

- Diversified representation in the IIC established at the institute from industry, Interdisciplinary & Departments/ Units etc.**

The IIC at NSRIT exemplifies diversified representation by integrating industry experts, interdisciplinary faculty, and department/unit leaders into its council and activities. Senior academicians from Engineering (Mechanical, Civil, ECE, CSE, EEE), Management, and Humanities collaborate with entrepreneurs, CEOs, incubation experts, and patent professionals across fields such as software, embedded systems, EV technology, AIML, and mechatronics. External members contribute real-world expertise from successful startups, healthcare, manufacturing, automation, and global consulting, ensuring IIC decisions are shaped by broad perspectives. Student coordinators from all major branches serve alongside faculty in roles spanning innovation, internship, IPR, social outreach

The following activities are conducted during academic year 2024-25.

- ❖ Business Analytics
- ❖ Hospitality Management
- ❖ Front Office Management
- ❖ Universal Human Values: Understanding Harmony & Ethical Human Conduct
- ❖ MEFA

## ii) Non-Academic Programs:

- Finishing School for Employability
- Indian Design Course
- **EV Technologies: Entrepreneurship Development Program (EDP)**  
A Certificate Program in Battery System Design Engineering, designed to foster entrepreneurial skills in the field of EV technologies.  
*Number of Students Benefited: 70*

## D. Highlight Facilities, Infrastructure of Pre-Incubation & Incubation kind and Student bodies/clubs engaged in promotion of Innovation and Entrepreneurship in the campus.

### I. I & E Collaborations:

1. Tilicho Labs: Provides expert talks, internships, and placement support for faculty and students.
2. Pinnacle Hospital: Offers medical emergency support, including OPD services and ambulance assistance.
3. Demy Software Solutions: Conducts coding-related training sessions and offers internships for students.
4. ANITS: Supports faculty competency in OBE, NEP 2020, and open book examinations.
5. HMI Engineering (Civil): Industry-supported lab, training, curriculum design, and internships with focus on Machine Learning.
6. HMI Engineering (AIML): Provides industry training, lab setup, internships, and curriculum support in AIML.
7. HMI Engineering (CSD & CSE): Offers multidisciplinary lab setup, training, internships, and curriculum support.
8. CEMS (Siemens-EEE): Facilitates guest lectures, skill programs, and curriculum enrichment using licensed software.
9. Indo-Euro Synchronization: Supports career linkage activities, internships, placements, and higher education opportunities.

10. Tech Team Solutions: Industry-supported lab, training, curriculum design, and research in embedded systems, IoT, and AI.
11. Imaginnovate Tech Solutions: Offers curriculum design support, internships, and placement services for students.
12. AXIOM IO (CSE): Provides expert talks, internships, curriculum support, and on-the-job training with preplacement offers.
13. Buddica Smart Life India: Industry-driven courses, curriculum support, and internships with guest lectures and industry visits.
14. Vihaan Electrix: Industry lab setup, training, internships, and research on EV technologies and battery management.
15. Internshala: Offers internships and resume-building support for students.
16. Marutham Group (Civil): Provides industry-driven courses, internships, faculty development, and placement support.
17. Luca Industries (Civil): Offers technical support, abroad internships, and online knowledge upskilling.
18. Axis Global Automation: Provides curriculum design support, industry courses, internships, and knowledge enhancement.
19. gcGems - German Centre: Establishes ARC lab, student training, and knowledge transfer in mechatronics and manufacturing.
20. Clicks Talent Connect: Facilitates hackathons, live projects, skill development, and placement opportunities.
21. Capgemini Technology Services: Provides on-the-job training and project work assistance for students.
22. IFERP: Assists in project and publication activities for engineering research.
23. NITTR: Offers faculty development, curriculum support, and knowledge enhancement on open book exams and OBE.
24. Indo-Gulf Management: Supports faculty/student immersion, research conferences, internships, and placements in GCC countries.
25. Epowerx Learning Technologies: Provides curriculum design, industry-driven courses, internships, and guest lectures.
26. Vihaan Electrix & Tech Team: Establishes lab facilities, trains students, and offers placement opportunities.
27. Smart Coders by DSS: Sets up labs, trains in coding, and prepares students for competitive programming.
28. Online Troubleshooters: Provides internships and assesses employability skills of students.
29. HR Success Talk: Assesses employability skills and offers career guidance to students.
30. TPG Software: Offers internships and assesses employability skills of students.
31. D2D Engineers: Provides industry training, internships, curriculum design, and skill development programs.
32. Digital Wom Services: Offers industry training, internships, curriculum support, and skill development with preplacement offers.
33. Tierra Automation: Provides industry training, internships, curriculum design, and skill development with guest lectures.
34. NASSCOM: Facilitates registration on Future Skills platform for knowledge enrichment and career path diagnostics.
35. MG Motors: Provides faculty development, student courses, workshops, and skill development programs in electric vehicles.
36. Maydensmart Health – 5 years (30/11/2024 - 30/11/2029); facilitates industry-backed labs, ML and Python research, internships, and placements.
37. Indian Biomedical Skill Consortium (AMTZ) – 1 year (15/02/2025 - 15/02/2026); offers internships, FDPs, research, industrial visits, and patenting opportunities.

38. ExcelR – 2 years (04/02/2025 - 04/02/2027); provides online learning, skill development, faculty training, and student internships.

39. Eduskills – 3 years (25/4/2025 – 25/4/2028); provides online learning, skill development, faculty training, and student internships.

**I. List if any break through Innovations / Technology Developed at the institute (2-3 technology with 2-3 lines about technology and innovation)**

NSRIT has always been at the forefront of adopting new technologies and fostering innovation. The institution takes pride in being a front-runner in knowledge transfer to students, focusing on two key aspects: fundamental knowledge and skill development pathways.

To achieve this, NSRIT leverages platforms like IIT Bombay Spoken Tutorials, ICT Academy, and collaborations with industries such as Teckybot and Vihan Electrix. Through these initiatives, students have successfully developed innovative projects including:

- Electrical Vehicles and Retro-Fitting Solutions
- E-Bicycles
- BMI Calculator

- Home Automation Systems
- Online Attendance Applications
- Gas Leakage Indicators
- Industrial Parameter Measurement Devices
- Environmental Parameter Indicators
- Smart Projectors

These projects reflect the institute's strong commitment to combining academic learning with practical, industry-oriented skills, thereby preparing students for future technological challenges.

**J. Participation of IIC-institute in various programs of Central and State Govt. Highlighting specially for the schemes or programs**

- NISP Adoption status - Trained Faculty, Policy Formulation, Policy Implementation

**L. Testimonials from IIC members and external about IIC institute and IIC of MoE's Innovation Cell****Testimonial from President IIC:**

I highly acknowledge the activities on going and plan on hand with a concrete vision of generating future entrepreneur as joining hand by IIC NSRIT towards Nation building program. Some of the burning role of IIC-NSRIT which bring a confident on innovation and start up policy of NSRIT are

- Conduct various innovation and entrepreneurship-related activities prescribed by Central IIC and MIC in time bounded fashion
- Identify and reward innovations and share success stories
- Organize periodic interactions with entrepreneurs, investors, professionals and create a mentor pool for student innovators
- Network with peers and national entrepreneurship development organizations
- Conducting and Participating Hackathons, idea competition, mini-challenges.

NSRIT(A), guided by MOE, IIC, and AICTE, has been selected as a Mentor Institute for the City Startup Cluster, Visakhapatnam. As part of this initiative, three colleges have been identified as mentee institutions, and five industries/startups have been included in the cluster. This collaborative effort is aimed at nurturing the skills of students, faculty, and entrepreneurs, ensuring effective knowledge transformation with the continued support and cooperation of MOE and AICTE.

**Key highlights from the reports include:**

- Institution Innovation Council (IIC) activities with detailed quarterly plans and execution of workshops on entrepreneurship, innovation, intellectual property rights (IPR), design thinking, and problem-solving.
- Industry-institute linkage programs featuring guest lectures from industry experts, panel discussions with startup ecosystem enablers, sessions on angel investment, incubation opportunities, and business boot camps.
- Hands-on workshops on cutting-edge technology topics such as embedded systems using Arduino, MATLAB simulation, internet of things (IoT), artificial intelligence and machine learning, electric vehicles, and robotics.
- Industrial visits for students across multiple departments to organizations like Diesel Loco Shed, Hindustan Shipyard Limited, Centre of Excellence in Maritime and Shipbuilding (CEMS), Candela Technologies, and various MSMEs to bridge theory and practice.
- National and institutional-level technical festivals such as Technimble-2025, involving multiple departments and showcasing student projects, competitions, paper presentations, and quizzes fostering technical skills and innovation.

- Initiatives promoting sustainability and social responsibility like eco-friendly Ganesh idol distribution and environment day celebrations.
- Focus on women empowerment and safety with sessions on cyber security and crimes against women.
- Extensive participation of students and faculty in workshops, competitions, and celebrations indicating a vibrant academic and innovation culture.
- Collaborative efforts with industry experts, academicians, and government officials reinforcing the integration of technical education with entrepreneurship and innovation ecosystems.

Overall, the documents demonstrate NSRIT's active engagement in fostering a strong innovation-driven and industry-oriented academic environment across multiple engineering disciplines through diverse well-structured programs, workshops, and events with significant student and faculty participation.

### ii) Non-Academic Programs:

- **EV Technologies: Entrepreneurship Development Program (EDP)**  
A Certificate Program in Battery System Design Engineering, designed to foster entrepreneurial skills in the field of EV technologies.  
*Number of Students Benefited: 68*

## D. I &E Collaborations:

1. Tilicho Labs: Provides expert talks, internships, and placement support for faculty and students.
2. Pinnacle Hospital: Offers medical emergency support, including OPD services and ambulance assistance.
3. Demy Software Solutions: Conducts coding-related training sessions and offers internships for students.
4. ANITS: Supports faculty competency in OBE, NEP 2020, and open book examinations.
5. HMI Engineering (Civil): Industry-supported lab, training, curriculum design, and internships with focus on Machine Learning.
6. HMI Engineering (AIML): Provides industry training, lab setup, internships, and curriculum support in AIML.
7. HMI Engineering (CSD & CSE): Offers multidisciplinary lab setup, training, internships, and curriculum support.

8. CEMS (Siemens-EEE): Facilitates guest lectures, skill programs, and curriculum enrichment using licensed software.
9. Indo-Euro Synchronization: Supports career linkage activities, internships, placements, and higher education opportunities.
10. Tech Team Solutions: Industry-supported lab, training, curriculum design, and research in embedded systems, IoT, and AI.
11. Imaginnovate Tech Solutions: Offers curriculum design support, internships, and placement services for students.
12. AXIOM IO (CSE): Provides expert talks, internships, curriculum support, and on-the-job training with preplacement offers.
13. Buddica Smart Life India: Industry-driven courses, curriculum support, and internships with guest lectures and industry visits.
14. Vihaan Electrix: Industry lab setup, training, internships, and research on EV technologies and battery management.
15. Internshala: Offers internships and resume-building support for students.
16. Marutham Group (Civil): Provides industry-driven courses, internships, faculty development, and placement support.
17. Luca Industries (Civil): Offers technical support, abroad internships, and online knowledge upskilling.
18. Axis Global Automation: Provides curriculum design support, industry courses, internships, and knowledge enhancement.
19. gcGems - German Centre: Establishes ARC lab, student training, and knowledge transfer in mechatronics and manufacturing.
20. Clicks Talent Connect: Facilitates hackathons, live projects, skill development, and placement opportunities.
21. Capgemini Technology Services: Provides on-the-job training and project work assistance for students.
22. IFERP: Assists in project and publication activities for engineering research.
23. NITTR: Offers faculty development, curriculum support, and knowledge enhancement on open book exams and OBE.
24. Indo-Gulf Management: Supports faculty/student immersion, research conferences, internships, and placements in GCC countries.
25. Epowerx Learning Technologies: Provides curriculum design, industry-driven courses, internships, and guest lectures.
26. Vihaan Electrix & Tech Team: Establishes lab facilities, trains students, and offers placement opportunities.
27. Smart Coders by DSS: Sets up labs, trains in coding, and prepares students for competitive programming.
28. Online Troubleshooters: Provides internships and assesses employability skills of students.
29. HR Success Talk: Assesses employability skills and offers career guidance to students.
30. TPG Software: Offers internships and assesses employability skills of students.
31. D2D Engineers: Provides industry training, internships, curriculum design, and skill development programs.
32. Digital Wom Services: Offers industry training, internships, curriculum support, and skill development with preplacement offers.
33. Tierra Automation: Provides industry training, internships, curriculum design, and skill development with guest lectures.
34. NASSCOM: Facilitates registration on Future Skills platform for knowledge enrichment and career path diagnostics.

35. MG Motors: Provides faculty development, student courses, workshops, and skill development programs in electric vehicles.

**K. Highlight few best IIC Faculty/Student members and their achievements/ Rewarded for the innovations at different forum**

- ❖ Dr. Naveen PNE, Convener of the IIC, and Mr. Ch. Krishna Murthy organized a one-day workshop on Intellectual Property Rights (IPR) and copyrights to raise awareness among members about the importance of innovation.
- ❖ They also hosted a three-day SERB-sponsored seminar on robotics, aimed at encouraging participants to explore innovative design concepts and modern manufacturing methodologies.
- ❖ They are actively supporting the involvement of more members in completing the Innovation Ambassadors courses.
- ❖ They are encouraging students to participate in the Smart India Hackathon 2024.

**L. Testimonials from IIC members and external about IIC institute and IIC of MoE's Innovation Cell**

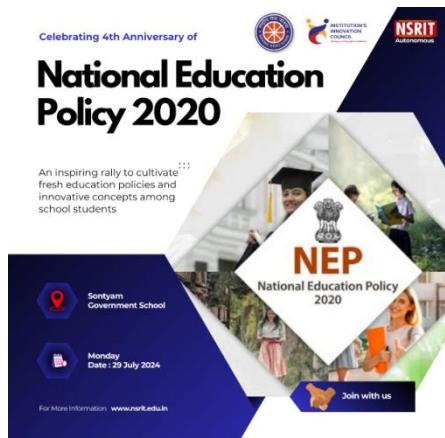

**Testimonial from President IIC:**

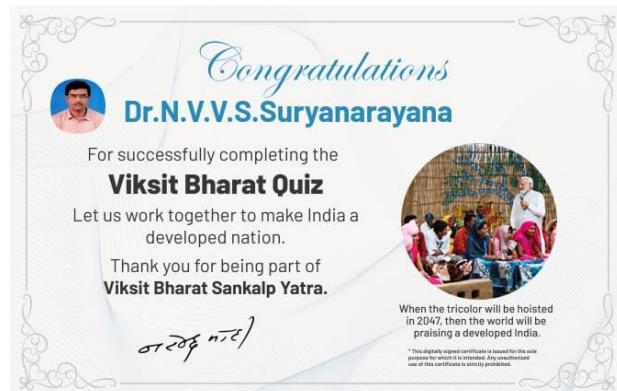

I highly acknowledge the activities on going and plan on hand with a concrete vision of generating future entrepreneur as joining hand by IIC NSRIT towards Nation building program. Some of the burning role of IIC-NSRIT which bring a confident on innovation and start up policy of NSRIT are

- Conduct various innovation and entrepreneurship-related activities prescribed by Central IIC and MIC in time bounded fashion
- Identify and reward innovations and share success stories

- Organize periodic interactions with entrepreneurs, investors, professionals and create a mentor pool for student innovators
- Network with peers and national entrepreneurship development organizations
- Conducting and Participating Hackathons, idea competition, mini-challenges.
